ANNOUNCEMENT

Owing to the crop failure we are again forced to struggle through another bad year, and the burning question is, Can we hold out and keep going. We are all up against this problem, but we can only answer it for ourselves. With no Doctor in the district the closing of the Drug Store would only add to the present hardships, and be a calamity in case another epidemic broke out. However, we wish to announce that we are going to try and face it out and stay with you just as long as you will stay with us. We will no doubt operate under a loss, but if the loss is not too great we can stick it. If you need a Drug Store in your community we need all the trade there is in that line to keep open, and must have more business than we are now receiving. There is enough business in this district provided you give us all your trade in our line.

We have just opened up a new shipment of goods and they are now on display. We invite your inspection.

Let us all keep a stiff upper lip and keep plugging away, remember, one or two good years again and all the past will be forgotten. Every new country has its blow, the brush country burns out, the low lands have their floods and the wheat lands their drought, but time rights them all. The Sticker will be the Old-Timer and the Old-Timer will be the one that is well fixed in the future.

(continued from page three) Tax Recovery Act

Tax Enforcement that have hitherto been in force, it will be noted that under the Tax Recovery Act, it is only necessary for the Municipality to obtain Abstracts of Title and to send notice by registered mail, in connection with the lands which are sold and not redeemed, whereas under the forfeiture proceedings that have been in force, under our Municipal Acts, it is necessary to obtain Abstracts of Title of all lands in which taxes are in arrears, to send notice by registered mail to all parties shown to be interested, then during the year allowed for redemption after the land has been forfeited, it is necessary for another set of Abstracts to be secured and two more notices to be sent to each person shown to be interested in the land, and after all this trouble and expense the Municipality in many cases is unable to collect any taxes whatever.

The Tax Recovery Act provides for the immediate sale of land for taxes, without waiting for a year as required by the forfeiture proceedings. If the land can be sold at all, this brings in the taxes immediately. If it cannot be sold, very little expense has been incurred. In addition to making provision whereby Municipalities may obtain their taxes more quickly the Tax Recovery Act provides a simple method whereby action may be taken at an expense that will not be more than one-third of what it was under the forfeiture proceedings set forth in different Municipal Acts, and if the land is worth the taxes the Municipality gets results quickly, while if the land will not sell the Municipality has not been put to any great expense.

The provisions of the Tax Recovery Act will come into force in the year 1920, and on and after the year 1920 the Tax Enforcement Proceedings provided for in the Municipal Acts will cease to be operative except insofar as proceedings instituted prior to the end of the current year are concerned.

Note and Comment

THE TAX RECOVERY ACT

The various Municipal Acts in force in the Province provide for forfeiture proceedings being taken against land on which taxes are in arrears. By these proceedings the title to the land is forfeited to the Municipality, subject to redemption within a year, and if the land is not redeemed then it may be sold by the Municipalities. This method of Tax Enforcement has proved to be both

expensive and tedious, as it requires the making out of a Tax Enforcement Return; Abstracts of Title are required to be secured from the Land Titles Office for all lands on the said Tax Enforcement Return; notices have to be sent by registered mail at least sixty days prior to date of the Court, at which the Tax Enforcement Return is to be confirmed to all parties having any interest in the land and notice of Court has to be advertised in the local newspaper and in the Alberta Gazette. After the Tax Enforcement Return has been confirmed additional Abstracts have to be obtained, two more sets of notices have to be issued and advertisements again inserted in local newspapers and Alberta Gazette, giving date of final forfeiture. If the land is finally sold, it is at least fourteen months from the date of commencement of forfeiture proceedings before the Municipality realizes all its taxes, and if, as frequently happens in urban Municipalities, the land cannot be sold at all, the Municipality does not receive its taxes and in addition is out a large amount spent in obtaining Abstracts, printing and mailing special notice, advertising date of Court, date of final forfeiture and so on.

Because these proceedings were so expensive, burdensome and unsatisfactory, the Hon. A. G. MacKay, Minister of Municipal Affairs, at the last session

of the Legislature, introduced legislation under the name of the Tax Recovery Act, which will greatly simplify and reduce the expense of the Tax Enforcement proceedings in the future.

Under the Tax Recovery Act, lands, on which taxes are in arrears on the first day of July of the year following that in which they are levied, are liable to be sold for taxes and the Treasurer, Assessor or Collector, as the case may be, of each City, Town, Village or Municipal District shall, on or before the 14th day of August in each year, submit to the Mayor or Reeve of the Municipality, a list of all lands that are liable to be sold for taxes. The Mayor or Reeve, on satisfying himself that the list is correct, gives the proper official warrant authorizing him to advertise for sale all the lands included in such list. Such sale is required to be advertised once a week for two consecutive weeks in a newspaper or newspapers published in the Municipality, or if there is no newspaper published there in, in a newspaper circulating in the Municipality. Such advertisement must be published not less than six weeks before the date of sale and is required to contain a list of the lands to be sold. In addition to the publication of the list above mentioned, there shall be published once during each week after the period of two weeks above mentioned, but prior to date of

sale, a notice of such sale and a statement as to where the list of lands may be seen. Notice of the sale is also required to be published in two issues of the Alberta Gazette, the last issue to appear not less than two weeks before the date of sale. No lands, the title to which is vested in the Crown, can be included in such sale.

Lands so offered for sale shall be sold to the highest bidder, and if they cannot be sold for the full amount of the arrears of taxes and costs, they may be sold for a lesser sum, subject however, to a minimum value that may be placed upon them by the Council of the Municipality. This minimum value shall not be advertised, but shall be treated by the Treasurer as the upset selling price. Any lands which are not sold at such a sale shall be included in the list of lands offered for sale the following year. The purchaser at the Tax Sale will only be required to pay at date of sale, the amount due the Municipality for arrears of taxes and costs even if the land is sold for more than the arrears of taxes and costs.

As soon as the sale is completed, a Return showing the lands sold will be sent to the Registrar of the Land Titles Office for the Registration District in which the land is situated, who shall register against such land a Memorandum of Sale, so that any prospective

purchaser or money lender may be protected.

All lands sold at a tax sale are subject to redemption within a period of one year from date of sale. Where lands sold are not redeemed by the end of the year, all parties shown by the record of the Land Titles Office to be interested in any way in the land, will forthwith be notified of that fact by registered mail, and after a period of sixty days has elapsed from the expiration of the redemption period, a Return of the unredeemed lands will be submitted to Judge of the District Court, who, on being satisfied that due notice has been given and that all matters in connection with the proceedings are regular, shall make such order as to transfer as he deems advisable and in accordance with this order the Treasurer shall then issue transfer to any tax sale purchaser, on receiving from him payment of the balance outstanding, and such transfer shall entitle the purchaser to an indefeasible title, except as to claims of the Municipality or the Crown. Any monies paid to the Municipality over and above the taxes due, shall be paid to the persons declared by an Order of a Judge of the District Court to be entitled thereto.

By comparing the procedure under the Tax Recovery Act with the provisions in regard to
